Account-Ability℠

K-12 SCHOOL BOND COMPLIANCE, MANAGEMENT AND REPORTING SOFTWARE

Ensure Compliance with the State Bond Program & Streamline Bond Program Management for your Team

WHY PREFER US

Managing a Bond Program that hopes to get state matching funds requires strict financial oversight, transparent reporting, and adherence to California's School Facility Program (SFP) regulations. Account-Ability was designed to simplify the complexities of managing those regulations.

Automated Compliance Tracking

that aligns with the SAB requirements, Tracks bond expenditures over multiple fiscal years and ensures proper fund allocation.

Complete Program Management Tool

that puts your projects, budgets, and contracts in one place, with live reporting over the 20+ year program life.

Seamless Fiscal & Budget Management

using your existing account code string to easily analyze, report, and reconcile your bond program with real-time data.

Streamlined Reporting & Transparency

with reports designed specifically for the Program Managers, State Audit, Fiscal Team, Board, and Oversight Committee.

Account-Ability℠

Don't Risk Losing Your State Matching Funds due to Non-Compliance. Our Software and our team will help you maintain compliance.

You owe it to yourself and your district to check out the only software that was designed specifically to manage bond programs for K-12 schools!

190 + California school districts can't be wrong. They picked Account-Ability to manage their 250+ bond measures. It works, it's easy to use, and it understands your bond management needs.

FISCAL MANAGEMENT

- No new coding – we utilize your existing codes
- Reconcile easily to your fiscal system
- Research and report quickly on a multi-year, multi-fund annualized basis over the life of your bond or program
- Provide Fiscal & Accounting what they need, when they need it

PROGRAM MANAGEMENT

- Real time planning & budget monitoring tools that facilitate multiple scenarios
- Your entire program in one place – no more separate spreadsheets
- Oversight reports and more at your fingertips
- See the impact of budget changes before they happen
- Save significant staff time

PROJECT MANAGEMENT

- Manage contracts, budgets, and changes
- Streamline & manage communication & approvals between the district team, contractors, consultants and the business office
- Complete, searchable document management and storage via our COLBIDocs add-on
- Easily communicate your program with the Board and Community

REPORTS, REPORTS, REPORTS! - Reports developed and refined for nearly 20 years based on K-12 user needs from every viewpoint with multiple, savable configurations at the ready!
